GENERAL RULES AND REGULATIONS

Players are expected to read the rulebook from the Tournament Director for information on the format, rules, schedule of play, and so forth. We encourage you to allow plenty of time before and after the event for travel. The accepted practice is to arrive at least one day prior to the start of play. Neither Predator nor WPA are responsible for airline delays, lost luggage, traffic jams or any other travel-related issue that could cause you to miss or arrive late for your first match. Matches are not delayed or accelerated to accommodate travel issues. Therefore, you are advised to arrive no later than the day before the event begins and leave no sooner than the day after the event ends.

This is a WPA sanctioned event. Except where indicated otherwise, official WPA Rules of Play, Regulations and Sports Regulations apply. In the case of discrepancy between official WPA Rules of Play, WPA Regulations and the Tournament Directors document, provisions of the Tournament Directors document will apply. Where it is not possible to resolve the discrepancies, the final decision will be made by the Sports Administration of the event. For administrative matters related to the event, the final authority is Pro Billiard Series Event Manager Vincent Rochefort.

Event Format, Seeding and Races:

24 pairs representing their individual country. A **random draw** will be conducted. Double elimination until the last 8, then single elimination.

Single elimination: Another **random draw** will be conducted.

Races: Double elimination: best of 3 sets, race to 4. Single elimination: best of 5 sets, race to 4. If the score is 3-3 in the deciding set, shootout determines the winner.

Breaking: Winner's Break.

There will be no seeding for this event. 4 Random teams will receive a bye.

REFEREEING

Area Referees in Rotation

TV/Live Streaming Tables: 1 Dedicated Referee & 1 Dedicated Scorekeeper at each table.

LAG

In the matches where the table referee is present, the referee will place the balls for the lag, and the athletes must lag from that position. Failure to follow this rule will result in the loss of lag.

RACKING

All racks will be racked by referees using triangles.

Athletes are not allowed to inspect or touch the rack. Inspection is defined as approaching the rack to evaluate it.

Protests may only be lodged against objectively incorrect racks (where ball placement violates the rule of the discipline) or Acts of God that happen after the referee finished racking.

SHOT CLOCK

Tournament Management may implement a shot clock in any match at any point of time at its discretion. The time control for the shot clock is as follows:

30 seconds per shot, one extension of 30 seconds per rack, extra 30 seconds for the first shot after the break.

The “time” signal will be announced by Referee or sound automatically when 10 seconds are left.

By default, time will not be paused for any assistance with bridge or cue ball cleaning. The referee may decide to stop or reset time; in which case they will announce the amount of time left when the time resumes.

SCHEDULE

The athlete must be present in the venue 30 minutes before their match is scheduled. The match may be announced up to 30 minutes earlier than the scheduled start time and must start within 15 minutes after the announcement or at the scheduled time, whichever is later.

Practice on the match table can only take place after the match is announced and before the scheduled or latest permitted start time. Practice time must be shared fairly, the recommended approach is 1 rack per athlete.

If the athlete is more than 15 minutes late for the match (defined as 15 minutes after the scheduled time, or 15 minutes after the announcement, whichever is later), they will forfeit the match.

DOPING CONTROL

At any WPA sanctioned events, WADA authorities may conduct doping control without prior notice to athletes. Athletes must comply with chaperone requirements.

PROTESTING REFEREE DECISIONS

All athletes have the right to protest a decision made by a referee. A protest is to be handed in immediately following the debated situation and before the next shot has been executed. The referee must suspend the match immediately and defer to the Head Referee for the final decision.

The decision of the Head Referee on the matters within their authority, including sports rules, regulations, their application, and interpretation, and matters of unsportsmanlike conduct up to and including monetary penalties and disqualification from the event, is final, and there is no further line of protest.

PENALTIES

Head Referees have discretion in the choice and application of penalties for unsportsmanlike conduct and administrative violations. These may include in-match penalties, such as warnings, fouls, loss of rack or loss of match, and out-of-match penalties, such as fines and disqualification.

Monetary Fines and Disqualifications

The following actions may result in monetary fines up to \$1000 and/or disqualification from the event:

- Failure to turn up for the match; taking alcohol, drugs or smoking during the match;
- Forfeiting a match without a justifiable reason;
- Failure to bring uniform in compliance with the dress code; unsportsmanlike behaviour
- Insulting or behaving aggressively towards event officials, other athletes or general public;
- Involvement in match fixing for any purpose;
- Bringing IOC, WCBS, WPA or Event Promoter in disrepute at the event or in media;
- Failure to comply with WADA doping control requirements.

COACHING

Coaching is only permitted during an athlete's own time out, and only outside the playing area.

MOBILE PHONES AND CONNECTED DEVICES

Athletes are not allowed to wear, display or use mobile phones, smart watches or any other connected devices in the player's area during the match.

Such devices can only be used during the athlete's own timeout and only outside the player's area. Such devices must be turned off or be in silent mode and may not be visible.

If the athlete requires a time control device, a use of mechanical watch is recommended.

TIMEOUT

The duration of a timeout is 7 minutes. In matches with multiple sets, there is an automatic timeout after every set unless both players choose to continue play. In matches with only one set, each player can take one timeout at any point of time in the match between racks. No other timeouts are allowed.

For the purposes of this paragraph, shootout is a part of the deciding set. If an athlete has a medical condition that requires a longer or more frequent timeouts, they need to present a signed recent letter from their treating doctor to the Head Referee prior to the start of the tournament, and Head Referee will decide on granting an exception.

Whenever an exception is granted to one athlete, it is also granted to all their opponents in all respective matches.

GENERAL RULES

No smoking is permitted in the tournament venue except in designated smoking areas.

Athletes must be at their best behaviour whilst in the tournament venue and must not say or do anything that may discredit the organizers, the sponsors, and/or bring disrepute to the sport.

SHOOTOUT

MIXED DOUBLES

Shootout will require players to shoot twice in a row at opposite sides: Player 1 Side A, Player 1 Side B, Player 2 Side A, Player 2 Side B, and so forth.

The goal is to pocket the object ball in its designated pocket. To determine a winner the following system will be used:

- The winner of the lag at the start of the match decides the starting player of the shootout, alternating turns thereafter. One turn by each player is an inning.
- The starting player determines the starting side from which the shootout will begin. Sides will alternate thereafter for each inning.
- Players will shoot four (4) innings in alternating turns. Both players get an equal number of turns.
- The player with the most points (i.e. balls pocketed) after four innings wins.
- If both players are tied after four innings, the order of play will remain until a player reaches a
- score that cannot be tied by his opponent in the same inning. This is called "Sudden Death."
 - In Sudden Death, the cue ball must be moved one diamond behind the head string.
- Shot clock extensions may not be used during a shootout.

For a shot to be considered legal, the following rules in terms of position and placement must be executed:

- The 10-Ball will be used as the object ball during the entire shootout. The position of the object ball corresponds to its original position in a standard 10-Ball rack.
- Referee places the 10-ball. Players may not approach or inspect the object ball or ask for a re-spot.
- There are two zones designated for the shootout, the left and right side, shown below. The player must place the cue ball within the designated zone and pocket the 10-ball in the opposite corner pocket as shown below.
- Players must alternate the zone after each inning.
- The zones can be recognized according to the following parameters:
 - The left side is on the left side of the table while facing the object ball.
 - The right side is on the right side of the table while facing the object ball.
 - In Sudden Death, the cue ball must be moved back one diamond behind the head string.

Regulation Shootout (Left Side)

Regulation Shootout (Right Side)

Sudden Death Shootout (Left Side)

Sudden Death Shootout (Right Side)

In addition to the standard WPA rules and regulations, additional rules that are in place that determine whether an inning is considered legal are as following:

- The execution of the shot must be done within the timeframe that has been determined. This can be based on a shot clock ruling or the decision of the acting referee.
- The object ball must be pocketed in its designated pocket. If the object ball is pocketed in any other pocket, it will be considered as a miss.
- A shot that includes the rails, being or resembling a bank or a kick, will be considered a miss.

- The organization reserves the authority to disallow any sponsor logos for any reason.

National Emblem

For World Championships, Continental Championships, and other events where athletes represent their nations, the nation that the athlete is representing must be indicated on the back of the playing shirt. Indication on the front, sleeves or collar is not sufficient.

Acceptable indications are as follows:

Country flag, three-letter IOC country code, full name of country in English, or full name of country in the official language of the Country in Latin script.

The indication of the nation must be displayed horizontally, in the top half of the shirt, and be prominent enough to be easily identifiable. The recommendation is to use letters or flag images that are at least 5 centimeters (2 inches) high, with the ratio of width to height of letters between 15% and 40%.

If required, tournament administration will produce a compliant nation indication, which the athlete will be required to wear. No athlete will be permitted to compete without nation indication.

For Individual Neutral Athletes, the IOC country code is AIN (for Athlètes Individuel Neutres), and the flag is the AIN emblem assigned by IOC, as shown and are available at the following link:
